MAYOR'S REPORT (Audio: 36:11-41:43)

Mayor Gardner reported:

- Thanks to our Staff during the COVID 19 crisis. They have performed outstanding work over the past few weeks. In addition to their regular duties, they have picked up additional duties due to the pandemic. We continue to coordinate with Commissioner Ron Graham of Lake County General Health District, and Lake County EMA Director Joe Busher to be able to keep our residents informed. Thanks to Mayors & Managers President Dennis Morley who has arranged calls between mayors on a twice per week basis. Thanks to all Lake County Police and Fire Chiefs who continue to check Lake County General Health District resources. The residents should continue to check the City website and the City Facebook page for updates.
- On Tuesday, March 31, 2020, Republic Services will have no trash collection as they will be sanitizing all of their trucks, but trash collection will resume on Wednesday, April 1. During the COVID crisis, Republic will be picking up only yellow bags and Republic-issued trash and recycle receptacles. No outside waste will be collected until further notice.
- Republic's yard waste proposal is on Third Reading tonight. All feedback received was appreciated and was provided to Council. If approved, billing will not begin until service begins. Republic is currently delaying yard waste collection during the COVID pandemic.

- Thanks to our Recreation Commission for posting virtual recreation activity options. Please share and keep a good attitude while the “Stay at Home” order is in effect.
- Take a moment to communicate with a neighbor; take precautions.
- Thanks to the Service Department, Fire and Police Departments for their assistance to residents who were recently flooded on Dodd and Milann.

LAW DIRECTOR’S REPORT (Audio: 41:56-43:50)

Law Director Lucas reported:

- Received an appeal from a PC-ABR decision of 3/5/2020 regarding a single family home at 2217 River Road. Two conditions were put in the plan approval by the City Engineer; applicant is questioning if conditions are appropriate. Law Director Lucas just received a memo on 3/23/20 and it will be forwarded to Council. This may be heard by Council in the future.

Questions/comments following Law Director’s Report: (Audio: 43:52-45:06)

Councilwoman Taylor Draper asked if the applicant is disputing the recommendations of PC-ABR.

Law Director Lucas stated that the two conditions had to do with: 1) Extension of concrete paving versus gravel and compliance to Willoughby Hills’ code, and 2) Plan Review – they believe it had been done and will not need to be repeated.

FINANCE DIRECTOR’S REPORT (Audio: 45:15-48:42)

Finance Director Brichacek reported:

- December 2019 Temporary Appropriations Ordinance granted spending authority for the first 90 days of 2020. State now requires Annual Appropriation Ordinance for the remainder of 2020, which is in the form of Ordinance 2020-15 on Third Reading tonight.
- The Ordinance has been amended to account for the expenditure of \$208,500 in grant and load funding by OPWC for the Rockefeller Road Resurfacing Project (Road Levy Special Revenue Fund No. 270 has been amended). No impact on balance of Road Levy Fund as OPWC funding was not included in original revenue estimates.
- When budget was prepared, COVID-19 was not foreseen; however, approximately \$11,500 has been obligated to deal with the situation (\$5,800 in supplies and \$5,700 Community Center rental refunds). No additional staffing expenses yet; however, this may change if employee exposure is reported. Two weeks of sick leave related to the corona virus has been approved by the Congress and President.
- Mayor and Staff meet continuously to deal with the ever evolving situation. Staff is delaying discretionary spending.
- The following sources of revenue may be affected:
 - 1) Income tax: 2020 estimates anticipate a 3% revenue growth over 2019 actual. After three months, total income tax revenue is 6.7% (approximately \$87,000) ahead of March 2019. This

may be impacted by two factors: people who are currently not working and not being paid, and the State's decision to push the filing deadline back to July 15th from April 15th.

- 2) Mayor's Court: Fewer traffic tickets are being issued combined with the reluctance of defendants to appear during the current shutdown.
 - 3) Property Taxes: Delinquencies may grow if people are not working.
 - 4) State Funding: Lower than anticipated State tax revenues may result in losses in the Local Government Fund, gasoline taxes and Motor Vehicle License fees.
- City began 2020 with \$1.86m carryover balance in General Fund. We will strive not to dip into this balance unless absolutely necessary, but this may be unavoidable. Council will be kept apprised.

Questions/comments following Finance Director's Report: (Audio: 48:56-58:55)

Councilwoman Majka asked Finance Director Brichacek to clarify the email that was sent earlier this week regarding the budget change summary. She indicated that the new sheet has 2020 proposed Administration from \$418,000 to \$968,500. **Finance Director Brichacek** explained the 2019 actual expenditures versus the 2020 budget. He said he has added a "Staffing Line" for Administration in the total and \$103,000 for legal.

Councilwoman Majka expressed her concerns about COVID numbers presented by Governor DeWine, with recommendations for "no new hires and 20% cut in his budget." **Finance Director Brichacek** corrected Councilwoman Majka's statement to indicate that Governor DeWine said "some departments will be up to 20%" and we may have to make changes down the road." We cannot anticipate employee exposure which could affect staffing. **Finance Director Brichacek** stated that his bigger concern is on the revenue side. RITA is due 4/15/20 and 6/30/20. If filing deadlines are delayed, these dates could change to be July, August or even September 2020. He is not sure about property tax if residents that are drawing a salary may partially pay them or not on time. Mayor's Court is dependent on ticket issuance. COVID concerns means ticket writing will be down and there are fewer people on the road. State funding consists of gasoline fees and state revenues. With regard to the County Auditor's Office that remit money to the City – will they make payments timely? These are all of the uncertain concerns that Finance Director Brichacek presented.

CITY ENGINEER'S REPORT (Audio: 58:58-59:11)

City Engineer DiFranco reported that he had no formal report but was open to questions.

Questions/comments following City Engineer's Report: (Audio: 59:13-59:48)

Councilwoman Taylor Draper asked for an update on the Amazon truck situation (at Shoppes of Willoughby Hills and PNC bank location). **City Engineer DiFranco** stated that notices had been sent to the property owners. The City Engineer is working with Assistant Law Director Lobe on a strategy moving forward.

UNFINISHED BUSINESS (Audio: 1:00:30-1:04:23)

Councilwoman Taylor Draper stated that she wanted to discuss reopening the WHISPER Program and provided a summary. She spoke with residents, Ms. Bernie Brooks from Lake County Council on Aging, a Solon Social workers and others. No one told her that they don't want it. One resident indicated that they felt we were "moving too slow." She wants to propose legislation to remove the program's suspension. She would like to get a 3 to 5-member Committee together to include a resident, Council, Mayor/his designee, Police and/or Fire Chief to discuss situations for indoor and outdoor requested, primarily to avoid questionable action and have a financial review in process by a committee. Outdoor requests could be immediately honored, but indoor activity would be reviewed by the Committee. Legislation would put process in place for future closure if that were to come up in the future. She is working with Assistant Law Director Lobe to try to put something together for the next Council of the Whole meeting.

Council President Hallum thanked her for her efforts and asked that the legislation be prepared for the next Council of the Whole meeting.

LEGISLATION (Audio: 1:04:30-1:33:49)

ORDINANCE NO. 2020-12 – THIRD READING

AN ORDINANCE AMENDING THE CONTRACT BETWEEN BROWNING-FERRIS INDUSTRIES OF OHIO, INC. (BFI) AND THE CITY OF WILLOUGHBY HILLS FOR CITYWIDE TRASH & RECYCLING PROGRAM TO INCLUDE YARD WASTE PICKUP, REPEALING CONFLICTING LEGISLATION AND DECLARING AN EMERGENCY.

Motion was made by Councilwoman Majka seconded by Councilwoman Fellows to Table Ordinance 2020-12.

Discussion before the Motion was seconded:

Councilwoman Majka said that she moved to Table this Ordinance due to the suspension of yard waste by Republic overall and suggests delaying the proposal for six months. Public Portion was delayed and people may not have been able to weigh in. **Councilwoman Taylor Draper** asked Council President Hallum if there was strong data opposing the proposal. **Council President Hallum** stated he had taken 2 surveys, one on NextDoor and one on Facebook resulting in a total of 59 "no" out of the 1700 households that are enrolled in the program and received the letter. In addition to the letter, the residents had the opportunity to attend two regular Council meetings and one Public Hearing to speak or ask questions. **Councilwoman Fellows** suggested that perhaps the City could pay for this with the \$1.8m carryover. She has concerns about seniors not being able to buy their prescriptions if they have to pay the \$28 annual fee for yard waste.

Roll Call: **AYES:** Fellows, Kline, Knecht and Majka

Motion was made by Councilwoman Taylor Draper seconded by Councilman Knecht to adopt Ordinance 2020-15, as Amended.

Discussion after the Motion:

Councilwoman Fellows stated that she thinks we should be “very conservative” about expenditures and this is a 9.5% increase. She “preferred the 2019 budget figures.” She will not be supporting this budget due to this. **Mayor Gardner** offered that we planned budget changes and will spend wisely. We are fully staffed this year. We are getting ready to enter into Union negotiations that are currently deferred. **Councilwoman Majka** stated she has concerns about the budget as presented and would feel better if there were “more things in writing” and that there was a “contingency plan.” She indicated that she would be voting “no” tonight, hopes that cuts won’t be difficult given the unforeseen circumstances. Further, she indicated that our budget discussions are occurring too late and looks forward to a Fall budget in the future. **Mayor Gardner** replied that “we got this to you as soon as possible, over one month ago, not last minute.” He reminded Councilwoman Majka that this is on Third Reading tonight and criticism regarding timing seem unfair.

Comments from Councilwoman Majka came just this week and were addressed. He suggested that Ordinance 2020-15 be “as amended and the motion restated as such” since the OPWC funding was added since the last reading. **Council Vice President Kline** added that he had spent a lot of time reviewing, meeting with Finance Director Brichacek and he realizes there are unknowns coming up. But looking back at the history of the Finance Department and the work that Mr. Brichacek has done, he is comfortable supporting this budget.

- Hope all are safe and well.
- Concerns about email exchange between Councilwoman Majka and Finance Director Brichacek; stated that the “2019 budget numbers are irrelevant when you have actual 2019 numbers when the question was about 2020 spending.” Mr. Fellows also stated that the 60% balance in carryover is commendable.
- WHISPER criteria – Should it be “need based?” Why is there “immediate response” for outdoor work and not go through the Committee?

Julie Belich, 2476 Parsons Road, Willoughby Hills, OH - Ms. Belich’s email was read regarding the PC-ABR and the plan for future meetings either in person or remotely.

Tony Miller, 2857 Hayes Drive, Willoughby Hills, OH – Mr. Miller’s email to Law Director Lucas was read, asking for the status on the Councilwoman Majka appointment situation.
